***State Officials and Employees:  
 Financial Disclosure Requirement***

The Ohio Ethics Law requires some public officials and employees to file annual financial disclosure statements. R.C. 102.02(A). In addition, the Ohio Ethics Commission may require additional classes of public officials and employees to file financial disclosure statements. R.C. 102.02(B) and Administrative Rules No. 102-5-04 and 102-5-05. Finally, provisions of the Revised Code, other than the Ethics Law, require some public officials and employees to file disclosure statements. This document lists the public agencies whose officials and employees are required to file for any of these three reasons.

**Required to File by R.C. 102.02(A)**

The Ethics Law requires a number of public officials and employees to file financial disclosure statements with the Ethics Commission. The statements filed by the officials and employees in the left column are public records, available for public inspection.

The statements filed by the individuals listed in the right column are kept confidential and are not subject to public inspection. However, if any portion of a confidential statement discloses the potential for a conflict of interest, that portion of the statement will be made public.

The state officials and employees who are required to file by R.C. 102.02(A) are:

**Required to File by Commission Decision (under R.C. 102.02(B))**

Under its authority granted in R.C. 102.02(B), the Commission has required the chief executive officers and board members of a number of state boards and commissions and other entities who exercise the power of the state to file financial disclosure statements.

Statements filed by board members of these entities are subject to public inspection if the board members are compensated for their public service (listed in the left column). If the members of the board are not compensated for their service, the law requires that their statements are kept confidential and are not subject to public inspection (listed in the right column). However, if any portion of a confidential statement discloses the potential for a conflict of interest, that portion of the statement will be made public.

Listed below, in **alphabetical order**, are the boards and commissions whose chief executive officers and board members or designees are required to file financial disclosure statements by the Commission. The boards and commissions listed in the left column are those whose members file public statements; the boards and commissions in the right column are those whose members file confidential statements.
